DIANA PROKOPENKO

(718) 825-4939 | dgp9937@nyu.edu | linkedin.com/in/diana--prokopenko | github.com/diana-gk

EDUCATION

New York University, Tandon School of Engineering New York, NY
Bachelor of Science in Computer Science | GPA: 3.72 | Expected May 2027
Honors & Leadership Initiatives: AnBryce Scholarship Initiative, MOVE Fellow with Handshake AI
Relevant Coursework: Data Structures, Computer Architecture, Operating Systems, Web Development, Human-Computer Interaction, Artificial Intelligence, Computer Security

---

TECHNICAL SKILLS

Programming: Python, C++, C, JavaScript, HTML, CSS, MATLAB
Tools: Git, Visual Studio, Adobe Experience Manager (AEM)
Languages: Fluent Russian, Basic Spanish

RELEVANT EXPERIENCE

Mercor – Remote
Generalist Expert / AI Model Evaluator | Aug 2026 – Present

- Review AI-generated documents, presentations, spreadsheets, and written materials for accuracy, clarity, completeness, formatting, and overall quality
- Compare and rank model outputs against defined criteria, identifying factual errors, inconsistencies, and gaps in reasoning
- Write clear, evidence-based rationales explaining quality judgments and recommended improvements

NYU Steinhardt Technology Services – New York, NY
Tier II IT Desktop Support | May 2024 – Present

- Resolve 80+ software and hardware issues monthly across Windows and Apple environments while supporting a 500+ user community
- Configure, troubleshoot, repair, and decommission 20+ devices weekly while maintaining a 92% customer satisfaction score

AT&T – New York, NY
Retail Sales Consultant (Bilingual – Russian) | Mar 2026 – Jun 2026

- Assisted 50+ customers weekly, resolving account issues and communicating complex information while maintaining accurate documentation
- De-escalated customer concerns and delivered tailored solutions to a diverse customer base, including Russian-speaking clients

Handshake AI – Remote
Model Validation Expert (MOVE) Fellow, QA Team | Sept 2025 – Nov 2025

- Conducted systematic QA reviews of AI model outputs by ranking responses, selecting optimal outputs, and drafting improved alternatives
- Evaluated correctness, fairness, reasoning, and adherence to guidelines while providing structured feedback to improve model quality

NYU College of Arts & Science IT – New York, NY
CMS Web Designer / Full-Stack Software Engineer | May 2025 – Aug 2025

- Developed responsive web portals and administrative dashboards supporting 10,000+ students and faculty using JavaScript, Node.js, APIs, and AEM
- Built full-stack solutions incorporating database connectivity, authentication, and data processing to streamline administrative workflows

PROJECTS

NYU Immersive Computing Lab – Independent Researcher

- Working in collaboration with the Immersive Computing Lab on optimizing neural representations with human visual properties

NYU RoboSub – Vision Team

- Trained and optimized a computer vision model for depth measurement and obstacle avoidance, achieving a 96% real-time object-detection success rate

The ReBin, GreenWorld Inc. – Project Coordinator & Head of Design

- Designed and built a smart trash-bin prototype using an ultrasonic sensor to automate bag sealing and replacement
